

# ROUND 150 - DOWNLIGHT

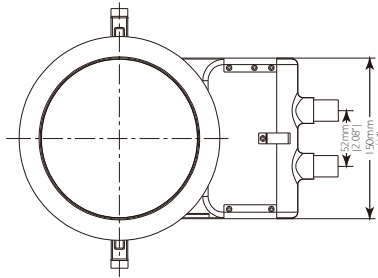

The ROUND 150 LED downlight is comparable to the traditional 2x13W CFL downlight, which is commonly used in retail outlets and common areas. Its low depth design allows it to be installed in most of the ceiling types.

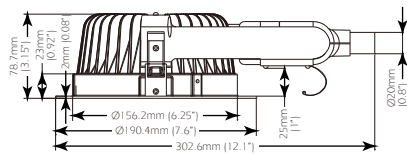

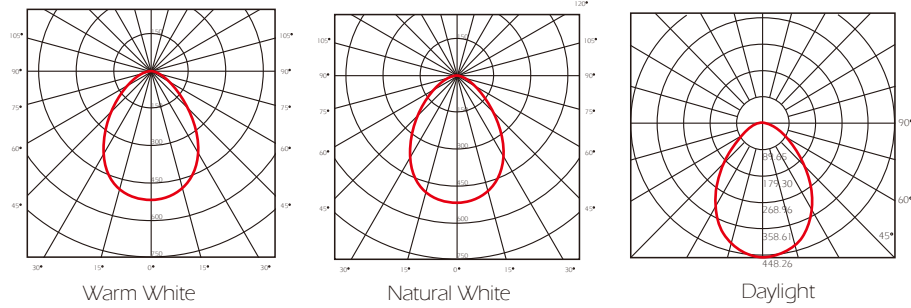

LED FIXTURES

Applications:
1. Office lighting
2. Shop lighting
3. Corridor lighting

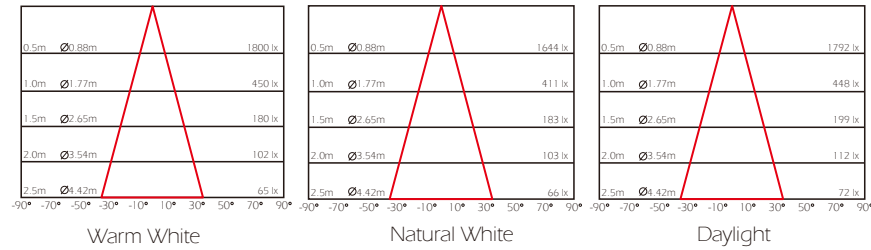

Features	Benefits
1. Dimmable	It is designed to dim with a normal Triac dimmer to easily create suitable ambience
2. High Efficacy	Cost saving in energy consumption
3. Long Life Span	Reduce maintenance costs even compared with CFL fixture
4. Low Depth Design	Suitable for most of the ceiling voids with limited space
5. Sophisticated Diffuser	Minimal glare without any noticeable hot spot
