

FLEXI TAPE

FLEXI TAPE is ideal for cove lighting and edge lighting. Its flexibility allows it to curve around surfaces, helping to enhance the overall lighting design.

LED FIXTURES

Applications:

1. Cove lighting
2. Contour lighting

Features

1. Simple Wire Up
2. Long Life Span
3. Flexibility With Cut Marks

Benefits

- Easy to use and simple installation
- Reduce maintenance costs compared with traditional lighting fixtures
- Can be used in bends or around curved surfaces
