

SQUARE - RECESSED LUMINAIRE

SQUARE is ideal for general illumination in offices and commercial premises. It creates a glare-free, homogenous light that complies with lighting standards relating to the use of work based computer screens. The longevity of the LED luminaire compared with the traditional fluorescent luminaire, can also significantly reduce maintenance costs.

LED FIXTURES

Applications:

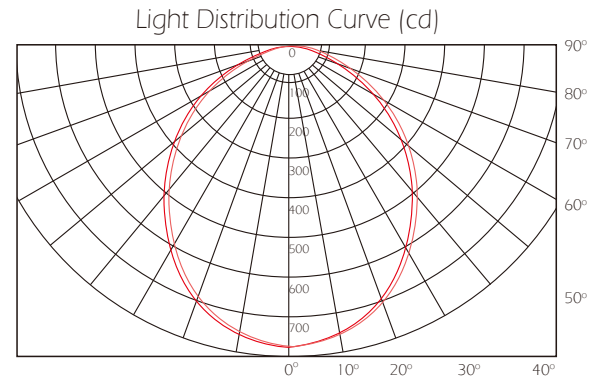

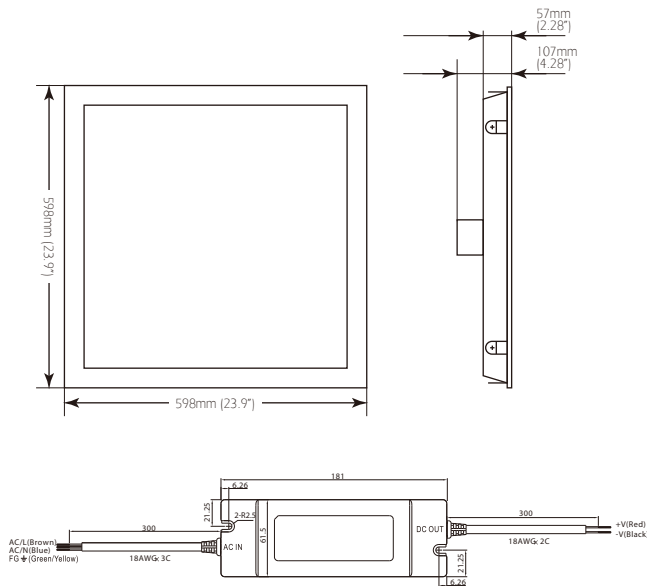

1. Office lighting
2. Shop lighting

Features

1. High Efficacy
2. Long Life Span
3. Sophisticated Diffuser

Benefits

- Cost saving in energy consumption
- Reduce maintenance costs compared with fluorescent tube fixtures
- Minimal glare without any noticeable hot spot

Part No. (1)	Color	Color Temp. (2) (K)	Lumen (lm)	CRI (Ra)	Beam Angle
B20270501AA	Warm White	2800	1700	80	120°
B20270701AA	White	4000	1800	80	120°
B20270601AA	Daylight	6000	1900	80	120°

AA indicated approval applicable (and packing detail): 05 = CE version ; 29 = CCC version

- (1) OPTILED Constant Current Driver included, 5105305629 (CCC) or 5105305617 (UL)
- (2) Color Temp. (Typical).
- (3) Total power consumption (including power loss).
- (4) Contents and specifications are subject to change without prior notice.
