

SUPER STAR MR16 LAMP

Super Star MR16 bulb certainly will bring LED lighting to the next level. The utilization of our patented birdcage dissipation system allowing us to achieve an exceptional high efficacy and a comparable intensity performance over a traditional halogen lamp. Furthermore, it can also be retrofitted to most of the MR16 fixture with 12V AC/DC supply.

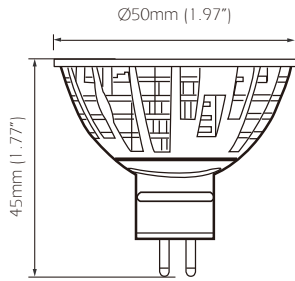

LED LAMPS

Applications:
1. Track lighting
2. Museum display lighting
3. Lobbies, elevator lighting
4. Restaurant, bars, pubs, cafe lighting
5. Shops, showcases

Features	Benefits
1. Ultra High Power Efficacy	Increase energy saving and shorten payback period
2. High Intensity	Ready to replace existing halogen lamps in the market
3. Perfect Size As Traditional MR16	Perfect fit to existing luminaire available in the market. Direct replacement possible
4. Patented Birdcage Heat Dissipation System	Excellent thermal management that enhance reliability
